Saddam was hanged on the first day of Eid ul-Adha, 30 December 2006, despite his wish to be shot (which he felt would be more dignified).[94] The execution was carried out at Camp Justice, an Iraqi army base in Kadhimiya, a neighborhood of northeast Baghdad.

The execution was videotaped on a mobile phone and his captors could be heard insulting Saddam. The video was leaked to electronic media and posted on the Internet within hours, becoming the subject of global controversy.[95] It was later claimed by the head guard at the tomb where his body remains that Saddam's body was stabbed six times after the execution
